A Global Research & Inquiry Competition

Nanyang Technological
University(NTU)

2026.8.1(Sat) ▶ 2026.8.3(Mon)

Global Link
Singapore

MISSION
Global Link
のミッション

Through global knowledge exchange, we create a unique field of “inspiration” and “growth” for the students who will build the future of tomorrow.

Global Link Singapore

VISION

GLSのビジョン

Create opportunities for the next generation to learn together and engage with diverse perspectives, inspiring new insights and personal growth. Through these experiences, we envision a future where new value is co-created.

FEATURE

GLSの特徴

Presenting the results of your research on the global stage!

Participants from Asia and other countries will present the results of their research and inquiry studies in English at a top-level Asian university. By receiving feedback from experts, they will be able to deepen their research content by receiving feedback from experts.

The first step on your global journey!

Participants from different cultural backgrounds will present and discuss their research with one another, allowing them to be exposed to diverse perspectives and values. Reflecting on their own values will provide an opportunity to consider their future from a global point of view.

Global exchange with people of the same generation with common interests!

Through presentations and various activities, participants of the same age group from other countries can exchange ideas and information about their common research field.

Touch the cutting edge of the world in Singapore

Singapore, the economic hub of Southeast Asia, is the stage. You will be able to experience the atmosphere of world-leading universities and companies, and take part in expert lectures and hands-on sessions.

Participation as an Observer

If you would like to just observe the event to get a sense of what GLS is like, it is also welcomed and please feel free to contact JTB PIC or GLS Office (SIN).

Global Link was first held in Singapore in 2014. Since then, it has overcome the challenges of the pandemic and evolved into an international event. In 2025, around 400 participants from 7 countries gathered.

2024 - 414pax from 50 Schools in 7 Countries

2025 - 396pax from 52 Schools in 7 countries

The event provides new connections with various people and opportunities to get closer to your future goals.
